Administrative history / Biographical sketch

Note

In 2003, a task force was established by the Emmanuel College Council to review the need for a continuing education program at Emmanuel College. A report was presented in November 2003 and recommended the establishment of a program and that the mission of continuing education at Emmanuel College be: "to provide continuing education and to provide ministers (both ordered and lay) with effective continuing education and formation, promoting the goal of enlivened congregations through enlivened leadership."

In 2004, the Executive of the Council recommended the established on a Continuing Education Committee to oversee the program. They held their first meeting on September 20, 2006.

Emmanuel carries out its continuing education program in cooperation with other colleges at TST and other theological schools, education centres and United Church congregations, presbyteries and conferences. In 2015, Emmanuel College and Five Oaks Education Centre established a formal partnership in Continuing Education which included co-sponsoring and advertising some of each other's programs as well as developing new programs together. On November 15, 2016, Five Oaks ceased its

programming, but Emmanuel College continues to look at ways they can support the continuation of some of Five Oaks' established programs.

Scope and content

Fonds consists primarily of records related to the continuing education programming offered by Emmanuel College. Included are workshop and course descriptions, calendars and agreements as well as program evaluations and planning documents. Fonds also includes the records of the Emmanuel College Continuing Education Committee which is responsible for the overall planning of the programming offered. Fonds contains the minutes of the meetings and reports from the Continuing Education Coordinator. The fonds contains three series.
