University of Toronto Archives  
**Inventory of the Hart House Records**

## **INTRODUCTION**

The Inventory to the Hart House Records is, in some ways, a departure from the standard finding aids found in the University of Toronto Archives. In order for researchers to have a full understanding of the records themselves they must understand not only the administrative context of the creation of the records but also the archivist's reasons for arranging and describing the records in that particular manner.

The Administrative History will give a brief synopsis of the historical structure and function of Hart House, providing researchers with enough background to understand the context of the creation of the records.

In order to understand the reasons why the records have been arranged and described in the way they have, a brief note about archival theory is in order.

In the University of Toronto Archives each department, faculty, college, or office in the University is described as a "fonds". A fonds may be defined as "the whole of the documents of any nature that every administrative body, every physical or corporate entity, automatically and organically accumulates by reason of its function or activity." Therefore, the records generated by Hart House constitute a fonds. Implicit in the notion of fonds are certain archival principles which call for the records to be maintained within the framework of their office of origin as well as their original order. This is generally known as maintaining the integrity of the fonds. To move records from one fonds to another would be a violation of the integrity of the fonds and therefore against basic archival principles.

Within the fonds of Hart House there are approximately thirty-five accessions (one accession being one transfer of a group of records from the office of origin to the Archives). Like maintaining the integrity of the fonds, the material in each accession cannot be easily transferred from one accession to another. Therefore, I was faced with several series of Hart House Records, each scattered throughout the many accessions. While many of the finding aids in the University of Toronto Archives are written at the accession level, to produce such a finding aid for Hart House would have been a time consuming and ultimately less useful alternative. It did become clear, however, that if researchers were to get a clear, broad understanding of the holdings of Hart House then a finding aid

University of Toronto Archives  
**Inventory of the Hart House Records**

which went beyond the accession level was necessary. Therefore, in order to link all the accessions it seemed that the most logical (and archivally acceptable) method would be to intellectually bind the accessions in a comprehensive finding aid which would unify the accessions, identify and locate the series, and provide researchers with logical categories from which access to the records could be obtained. In so doing I have not rearranged the records at all; they basically remain in the same order they did when they were transferred to the Archives. In some cases this means the original filing order but in others it means no particular order at all. In effect, when intellectual control has been established the physical arrangement of the records becomes secondary.

**Access:** Restricted: subject to review under *Freedom of Information and Protection of Privacy Act*.

**Inventory of the Hart House Records**

**ADMINISTRATIVE HISTORY**

As a centre for student activity, Hart House has occupied a unique position in the University of Toronto and among North American colleges since its opening on 11 November 1919. Brought into existence largely through the efforts of Vincent Massey, Hart House was never meant to be an ordinary students union or "boys club" (despite the fact that women were denied membership until 1972). Instead, Massey envisioned a centre to bind the students of the university's colleges, their professors and support staff in "common fellowship" by offering them educational, cultural, spiritual, athletic, and leisure activities, structured according to the expressed desires of the students. For one of the most unique features of Hart House is the committee and club system and the significant contribution of the student body to the administration of those systems. The committees are the core of Hart House and it was the student membership of the committees, working with faculty and staff representatives, who purchased the Arthur Lismer and Lawren Harris originals and organized concerts by Glenn Gould and Lois Marshall. These committees continue to function in much the same capacity.

Naturally a hierarchical structure is necessary to keep things running smoothly and guidance is provided by the Warden, the chief administrative officer of Hart House. Nominated by the President and appointed by the Board of Governors, the Warden's immediate and very broad mandate includes the administration and supervision of Hart House as well as any other duties deemed necessary by the President, under whose direction the Warden functions. In keeping with the concept that Hart House is more than a recreational facility, the Warden is afforded the full academic standing enjoyed by the deans of the colleges and faculties. Consequently, academic qualifications are a necessary prerequisite to the position.

Before 1955 the Warden was assisted by the Comptroller and the Assistant Comptroller, but owing to difficulties in distinguishing between the Comptroller of Hart House and the Comptroller of the University of Toronto, the name was dropped. In their place came the two Assistant Warden positions - Administration and Activities - each with their own responsibilities to the management of the House and the clubs and committees.

The chief administrative body is the Board of Stewards. Because it has student members, is considered one of the Hart House

University of Toronto Archives  
**Inventory of the Hart House Records**

committees. Subject to the Board of Governors, the Board of Stewards is responsible for the direction, management and administration of Hart House and members generally represent many aspects of the University of Toronto interested parties in Hart House, including the President of the University, the Warden, faculty and staff representatives and student representatives from the committees.

The activities in Hart House are the responsibility of the committees and clubs. The committees are formal organizations comprised of students, faculty and staff who do much of the routine administrative work in order to provide the students with a broad variety of activities. The student representatives are elected by the membership of Hart House. The clubs, on the other hand, are much more informal groups dealing with a more specific activity. Nevertheless, there are still faculty and staff representatives on hand to provide advice and guidance, but the students are largely responsible for their own activities.

The staff who assist the students today come from either the Business Office, the Programmes Office as well as Program Advisors and Administrative Assistants (see flowcharts for more information). Known as the Graduate/Undergraduate Offices from 1955 to 1973, the staff in the Business Office and the Programmes Office provide an administrative as well as secretarial support system for the management of the House and running the activities.

Given the radical changes the University has gone through in the past sixty years, it is somewhat surprising that the structure of Hart House has not changed as significantly. There have been some changes in the administrative structure and clubs and committees have dissolved, but overall the focus of the House is much the same in 1987 as it was in 1919.

Of course, the one major change was the admittance of women. The exclusive male membership was one of the most controversial issues involving Hart House and the documents are scattered with references to this as early as the 1950s. At the time of the Massey deed of gift bequeathing Hart House to the University, there were reasons for restricting membership - it was generally believed that women would be an unwelcome distraction to the "common fellowship" desired by the Massey Trust and the female student population was not significant or militant enough to provide any sort of formal outrage. This by no means meant that women were not allowed in the building at all, but were welcome on visiting days when escorted by a gentleman member. But because of

University of Toronto Archives  
**Inventory of the Hart House Records**

the restrictions in the early days the female office staff had to go to University College to use the washroom and a separate entrance was necessary to accommodate the ladies at the Hart House Theatre. In time, rules were relaxed and by the early seventies the female student body had soared to the point where they constituted almost half the student population. And they were no longer a silent minority. In January 1972 female students enrolled at the University of Toronto automatically became members of Hart House.

Since that time, the male members have benefited from the talent, knowledge, and enthusiasm their female counterparts have brought to Hart House. And it is a testimony to the structure and character of the House that the increased membership did not compromise the system. While the technical matters of running Hart House have certainly changed in the past sixty years, the focus and character have not. Student interests still lie within the framework envisioned by the founders and chances are that it will continue to serve the students, faculty and staff of the University of Toronto in this capacity for many years. Rather than an icon of the past, Hart House is a symbol of the successful co-operation and interaction between student and faculty in order to provide each with the greatest number of extra-curricular opportunities.

**Inventory of the Hart House Records**

ARRANGEMENT NOTES

Of the thirty-five accessions of Hart House records which the Archives has received since 1973, the first (A73-0050) is the largest and reflects the greatest time span. These records were boxed and transferred to the archives after being shuffled around for a number of years and selectively weeded, and although the original order is not completely known, an alpha-numeric filing system was likely used.

eg. (3) Association of College and University Unions

The number within the brackets indicates the number on the file folder. This would then be filed under A. This system was used until the 1950s when a colour coded, alphabetized system replaced the older method. The different colours tend to reflect the different offices and years, but this is not obvious until the 1970s and 1980s when this system was formalized.

From about 1919 - 1952 there are files whose only label is an alphabetical and chronological designation.

eg. Am - Ar 2 1941 - 42

Although these are not accounted for in the file listing, these files are found primarily in the A73-0050 accession from box 001' to box 060, which are in alphabetical order by academic year. To use these files the researcher should first identify the possible file titles which are designated, take the first letter of the file title and try match it to the possible box from A73-0050/001 - 060. Admittedly, these should be used only in dire circumstances when the information you are looking for is nowhere to be found. Hopefully at some point these files will be dismantled and reconstructed to proper individual file titles. Good luck.

University of Toronto Archives  
**Inventory of the Hart House Records**

**SCOPE AND CONTENT**

ADMINISTRATIVE FILES - These are files pertaining to the administration and maintenance (or housekeeping functions) of Hart House which may originate from the Warden's Office, the Comptroller's Office, the Graduate/Undergraduate Office, the Business Office, the Programmes Office, or the Reservations Office. At the office level these files reflect a particular office's duties and policies regarding the management of Hart House.

OPERATIONAL FILES - These are files pertaining to the activities and functions of Hart House which reflect its unique mandate and character within the University of Toronto, as well as its duties and responsibilities to the students, graduates, faculty and staff of the university. These files are located in each office and directly reflect the activities of that office. The operational files of Hart House would include all the committee and club files which document participation in activities.

SERIES 1. WARDEN'S OFFICE

Any files, correspondence, reports, memoranda generated by the Warden, secretaries, or administrative assistants working under the mandate of the Warden's Office and representing the policies and responsibilities of that office. The Warden is the chief administrative officer of Hart House and his office reflects this, more so in the early records than in the more recent ones. These constitute the bulk of the Hart House Records.

1. A. ADMINISTRATIVE FILES

1. A. 1. ASSOCIATION FILES - Membership, documentation and correspondence regarding the membership of Hart House in many academic and charitable organizations in Canada and around the world, as well as correspondence with organizations and societies to which Hart House is not a member. (Continued under the Business Office as of 1973)

I. A. 1. 1. ACADEMIC - Associations related to university or student union activities.

Contents: handbooks, reports, and correspondence (incoming and outgoing).

University of Toronto Archives  
**Inventory of the Hart House Records**

1. A. 1. 2. CHARITABLE/RELIGIOUS - The holdings for this category are mainly found in the early years. The records for the Students Christian Movement are later found in the University of Toronto files.

Contents: correspondence (incoming and outgoing), pamphlets and reports.

1. A. 2. BUSINESS FILES - Files documenting the business relationships between Hart House and lawyers, auditors and insurance companies, as well as subscription services and book sellers.

Contents: the documentation of transactions, correspondence, reports, and invoices.

\* This category has not been sub-divided any further because the holdings were not extensive enough. (Continued under the Business Office as of 1973)

1. A. 3. HART HOUSE FILES - Files under the heading Hart House which tend to reflect the primarily non-committee or club activities. These files also reflect the activities and concerns of the students in the House as well as the liaison between Hart House and the University and Toronto.

1. A. 3. 1. GENERAL/ADMINISTRATION - This category contains not only the files which are headed "Hart House" but files regarding the chapel and the various departments in Hart House before the files were taken over by the Business Office in 1973. The holdings also contain information about the everyday administration of the House as well as files titled "General Information" and "clippings".

Contents: correspondence (incoming and outgoing), reports, supplementary material (used in preparing the reports), brochures, pamphlets and memoranda.

1. A. 3. 2. EVENTS/ACTIVITIES - These files contain information about activities in Hart House which might not be in the committee files. Unfortunately, there maybe a bit of an overlap with the holdings in the House Committee files (1. 2. 2. 2.) or some of these files might be better placed with the House Committee files but an effort has been made to distinguish between the two.

Contents: correspondence (incoming and outgoing), brochures, pamphlets, programmes, tickets, general information, information about preparations, financial statements.

1. A. 3. 2. 1. GENERAL - The documentation of fairly routine activities in Hart House.

University of Toronto Archives  
**Inventory of the Hart House Records**

Contents: tickets, programmes, invitations, photographs, as well as correspondence (incoming and outgoing), financial statements, and reports.

1. A. 3. 2. 2. SPECIAL - The documentation of special events like Royal Visits and festivals.

Contents: scrapbooks, memorabilia, photographs, correspondence (incoming and outgoing), financial statements, and reports.

1. A. 3. 3. STUDENTS/MEMBERSHIP/SCHOLARSHIPS-Files relating to the students of Hart House, their membership in the House and scholarships sponsored by the House or the University.

Contents: correspondence (incoming and outgoing), applications, reports.

1. A. 3. 4. STAFF - Files regarding personnel from all departments in a number of positions.

Contents: correspondence (incoming and outgoing), reports, and personnel records.

1. A. 3. 5. PUBLICATIONS - Files containing actual publications about Hart House or by Hart House for propaganda purposes. These files also contain supplementary material used during the creation of the publications.

Contents: articles, journals, bound books, and articles.

1. A. 4. PEOPLE FILES - Files created about individuals who, through politics, business, the arts, or academia have been involved at some point in the life of Hart House and have made a contribution to its development.

Contents: primarily correspondence (incoming and outgoing).

1. A. 5. UNIVERSITY OF TORONTO FILES - Files documenting the relationship between Hart House and the different staff (including presidents, vice - presidents et al) colleges, faculties, and departments within the University of Toronto. Many of these can be easily designated by their U of T heading.

1. A. 5. 1. ADMINISTRATION/OFFICES/COMMITTEES-These files contain information about the relations between Hart House and the offices and committees of the University, primarily the offices of the President and Vice Presidents as well as the Governing Council.

Contents: correspondence (incoming and outgoing), reports.

University of Toronto Archives  
**Inventory of the Hart House Records**

1. A. 5. 2. DEPARTMENTS/SCHOOLS/FACULTIES/COLLEGES - The documentation of the relations between Hart House and the departments et al in the University of Toronto.

Contents: correspondence (incoming and outgoing) and reports.

1. A. 5. 3. ASSOCIATIONS/UNIONS/CENTRES - These files contain information about formal student organizations on campus as well as faculty and staff associations.

Contents: correspondence (incoming and outgoing), reports.

1. A. 6. UNIVERSITY (OTHER) FILES - Correspondence and information from universities around the world. These are particularly prevalent in the 1920s when Hart House was developing its character and collecting the coat of arms of as many universities as possible for display in the Great Hall. The operational files of the Warden's Office include the following:

1. B. COMMITTEE FILES - These files pertain to the administration and activities of the various committees in Hart House. These are generated by the students on the committees as well as faculty and staff advisors and the secretarial staff of the office. The Warden's Office has always been responsible for the standing committee files.

Contents: correspondence (incoming and outgoing), reports, constitutions, bylaws, minutes, programmes, tickets, brochures, pamphlets, and photographs.

\* Listed below are the committees in order of creation. Those which were moved to other offices are designated.

1. B. 1. BOARD OF STEWARDS (1919 - )
1. B. 2. HOUSE COMMITTEE (1919 - )
1. B. 3. HALL COMMITTEE (1919 - 1936)
1. B. 4. LIBRARY COMMITTEE (1919 - )
1. B. 5. MUSIC COMMITTEE (1919 - )
1. B. 6. BILLIARD COMMITTEE (1919 - 1932)
1. B. 7. SQUASH RACQUETS COMMITTEE (1919 - 1948;  
1954 - 78; transferred to Recreational  
Athletics Office)
1. B. 8. GRADUATE COMMITTEE (1919 - 1955;  
transferred to Graduate Office and later  
to Business Office)
1. B. 9. FINANCE COMMITTEE (1919 - )
1. B. 10. SKETCH COMMITTEE (1921 - 1938)
1. B. 11. DEBATES COMMITTEE (1924 - )
1. B. 12. ART COMMITTEE (1938 - )

University of Toronto Archives  
**Inventory of the Hart House Records**

- 1. B. 13. ORCHESTRA (1978 - )
- 1. B. 14. RECREATIONAL ATHLETICS (1978 - )

1 . C. CLUB FILES - These files pertain more to the activities of specific groups than to the larger administrative functions the committees perform. The clubs have a less formal structure than the committees and elect their own representatives from their own membership. The Warden's Office was initially responsible for the clubs and within this category the groups which existed from 1919 - 1954 (and beyond) are found. Contents: correspondence (incoming and outgoing), notices, reports, minutes, financial statements, pamphlets and brochures relating to the administration and activities of the clubs. \* The following are the clubs which were administered by the Warden's Office:

- 1. C. 1. CAMERA CLUB (1919 - 1948)
- 1. C. 2. GLEE CLUB (1937 - 43; 1945 - 48)
- 1. C. 3. CHESS CLUB (1945 - 1948)
- 1. C. 4. EXPLORATION SOCIETY (1948 - 1950; 1952  
1955)
- 1. C. 5. FINNISH EXCHANGE (1952 - 1973; transferred to  
Business Office, 1973 - )
- 1. C. 6. CHORUS CLUB (1972 - )

1. D. WARDEN'S FILES AND PERSONAL PAPERS - These files document the professional and personal lives of some of the Wardens of Hart House. The content of the files varies from person to person.

1. D. 1. J. BURGON BICKERSTETH (1921 - 1947) - The longest running and undoubtedly the most influential warden who (with Vincent Massey) is responsible for bringing to Hart House the unique personality and atmosphere it still maintains. A voluminous writer, Bickersteth's personal papers are primarily correspondence.

1. D. 2. NICHOLAS IGNATIEFF (1947 - 1952) - During Ignatieff's career as warden Hart House began to broaden the activities. The acquisition of a farm in the Caledon Hills, the initiation of a long series of student exchanges between Canada and Finland, and the creation of new clubs all occurred at this time. Ignatieff's papers are primarily professional and not extensive; his tenure in office was tragically ended by a heart attack.

University of Toronto Archives  
**Inventory of the Hart House Records**

1. D. 3. JOSEPH McCULLEY (1952 - 1965) - As former Deputy Commissioner for Penitentiaries, McCulley brought along his own interests into Hart House and his files reflect his busy schedule of speaking engagements to university and non-university organizations alike.

Contents: personal correspondence (incoming and outgoing), speeches, addresses.

1. D. 4. E. A. WILKINSON (1966 - 1972) - Contents: daily journals.

1. D. 5. JEAN LENGELLE (1972 - 1977) - Contents: daily journals.

1. E. VINCENT MASSEY FILES (1919 - 1966) - Since Massey was instrumental in establishing Hart House and continued to take an active interest in it until his death in 1966, he certainly warrants his own sub-series. From the 1920s to the 1940s the Warden's Office kept a file on Massey which contains mainly correspondence (incoming and outgoing) as well as reports and clippings keeping Massey aware of the activities which were happening at Hart House. These files appear sporadically during the 1950s and 1960s and there is a file concerning Massey's death.

SERIES 2. THE COMPTROLLER'S OFFICE (1924 - 55) - This office was technically responsible for the maintenance and administration of the whole House but the archives does not have a complete set of these papers. Consequently, documents and files relating to the maintenance and management of the House will be found in relation to the Warden's Office. What there is of the Comptroller's Office are administrative files pertaining to the financial situation of Hart House from the early 1920s to the 1950s.

Contents: budgets and estimates.

2. A. ADMINISTRATIVE FILES

2. A. 1. FINANCIAL

University of Toronto Archives  
**Inventory of the Hart House Records**

SERIES 3. GRADUATE/UNDERGRADUATE OFFICES (1955 - 72)-  
Administrative change occurred in 1954 - 55 which saw the creation of the Assistant Wardens (administration and activities) as well as the Graduate/Undergraduate Offices which dealt primarily with House membership and activities. Consequently many of these documents are membership applications as well as information for new members about Hart House and about the many activities offered to members. Because these offices were physically together makes it difficult to actually distinguish between them, but each definitely had its own mandate. Therefore, the files have been distinguished as much as possible with the hope that the context of creation can be identified.  
Contents: correspondence (incoming and outgoing), memoranda, and material dealing with membership (mainly applications).

3. A. GRADUATE ADMINISTRATIVE/MEMBERSHIP FILES '

3. B. GRADUATE/UNDERGRADUATE ACTIVITIES

3. C. COMMITTEE FILES

3. C. 1. GRADUATE COMMITTEE

3. C. 2. FARM COMMITTEE

3. D. CLUB FILES - In order to relieve the Warden's Office of some of the responsibilities of overseeing clubs the Graduate/Undergraduate Office assumed the routine administrative duties.

Contents: correspondence (incoming and outgoing), reports, minutes, general information, pamphlets, brochures, tickets, programmes, photographs.

The following is a list of the clubs which can be found in this category (in order of creation):

- CAMERA CLUB (1954 - )
- GLEE CLUB (1954 - 72)
- CHESS CLUB (1954 - )
- BRIDGE CLUB (1954 - )
- TABLE TENNIS CLUB (1954 - )
- AMATEUR RADIO CLUB (1954 - )
- ARCHERY CLUB (1954 - 68; 1969 - )
- REVOLVER CLUB (1958 - 60; 1961 - )
- RIFLE CLUB (1971 - 74)
- UNDERWATER CLUB
- YOGA CLUB (1971 - )

**Inventory of the Hart House Records**

SERIES 4. BUSINESS OFFICE (1973 - ) - After women were admitted to Hart House in 1972 it seems that administrative change occurred once again. Whether or not women were the impetus behind the change is not known, but nevertheless, the Graduate/Undergraduate offices were replaced (largely in name only) by the Business and Programmes Offices. While these offices were physically together (as in the case of the Graduate/Undergraduate Offices), their mandates and responsibilities differed significantly and it is easier to identify which files belong to which office. During the 1980s there has been an even greater separation of these two offices and when transferred to the Archives the records are definitely distinguished. Also, the Business Office seems to have taken over many of the administrative files which were previously part of the Warden's Office, leaving the Warden's Office with mainly Hart House related files, University of Toronto related files and committee files.

Contents: correspondence (incoming and outgoing), memoranda, reports, financial statements, personnel files. The following are the administrative files of the business office:

4. A. ADMINISTRATIVE FILES

4. A. 1. ASSOCIATIONS/CONFERENCES

4. A. 2. PERSONNEL/PERSONAL: It should be noted that personnel indicates files documenting (for administrative purposes) the hiring, disciplining, appraising and recording of leave of personnel while personal indicates files created by staff members for their own purposes.

4. A. 3. BUILDING/MAINTENANCE IV.

A. 4. BUSINESS/FINANCE

4 B. CLUB FILES - Once again, the club files are not further sub-divided.

Contents: correspondence (incoming and outgoing), reports, memoranda, pamphlets, brochures, programmes. The following is a list of the clubs administered by the Business Office (in order of creation):

- REVOLVER CLUB (1961 - )
- YOGA CLUB (1971 - ; transferred to Recreational Athletics Office in 1978)
- RIFLE CLUB (1973 - 74)
- CHAPEL (1973 - )
- T'AI CHI CLUB (1976 - 81)
- GALLERY CLUB (1977 - )

University of Toronto Archives  
**Inventory of the Hart House Records**

SERIES 5. PROGRAMMES OFFICE (1973 - ) - These files compliment the files found in the Business Office since they document most of the activities in Hart House as well as membership. Consequently, the number of administrative files are limited, most of them being found in the Business Office.

Contents: correspondence (incoming and outgoing), reports, memoranda, programmes, brochures, pamphlets, general information, photographs.

5 A. ADMINISTRATIVE/MEMBERSHIP FILES

5 B. COMMITTEE FILES

5 B. 1. GRADUATE COMMITTEE

5 B. 2. FARM COMMITTEE

5.B. 2. 1. GENERAL/CORRESPONDENCE

5. B. 2. 2. FINANCES

5. B. 2. 3. EVENTS/ACTIVITIES

5. C. CLUB FILES (In order of creation):

- CAMERA CLUB (1954 - )
- CHESS CLUB (1954 - )
- BRIDGE CLUB (1954 - )
- TABLE TENNIS CLUB (1954 - )
- AMATEUR RADIO CLUB (1954 - )
- ARCHERY CLUB (1954 - 68; 1969 - )
- FLYING CLUB (1973 - 79)
- CRAFTS CLUB (1973 - 79) - FILM BOARD (1975 - )
- REVOLVER
- U OF T RIFLE ASSOCIATION

\*As of 1985 the revolver and rifle club files have been transferred with the Programmes Office files and are now part of that series.

University of Toronto Archives  
**Inventory of the Hart House Records**

SERIES 6. RESERVATIONS OFFICE (1955 - 70) - From the 1930s to the 1950s, reservations of Hart House facilities were administered by the Comptroller's Office. Due to the heavy burden of work an independent office known as the Reservations Office was established, under the direction of the Reservations Secretary. Much of the material in these files relates to the arrangement and preparations for university and non-university functions. There is a considerable amount of material for the 1950s and 1960s and little else, but it seems that the researcher is able to grasp the extent of preparations that went into dinners and dances, conferences and seminars. Most of the material deals with University of Toronto related events.

Contents: reports, seating plans, financial assessments or statements, pamphlets.
